

ARE YOU A VETERAN?

Want to get involved in helping to bring the troops home alive, and not in body bags, and taking care of them when they return? Do you want to work in an organization with a great group of men and women?

JOIN DELAWARE VALLEY VETERANS FOR AMERICA!!!

Not a Veteran, but still interested? We also have associate memberships and welcome all supporters.

We are Veterans from the Vietnam, Gulf, and current Iraq Wars, that do not want the Administration, Congress, Lobbyists or the Military-Industrial complex using our brave, gallant, and courageous GI's to be security guards for Halliburton, Blackwater, or Exxon-Mobil. Nor do we want to see our military suffering casualties looking for WMDs that don't exist, or fighting a population that *does not and never did threaten the USA*.

What we **do** want is for the troops to be brought home **NOW**, and for them to be taken care of once they get home.

So we are devoting our time, resources and energy to do whatever we can to make that happen. Vigils, memorials, demonstrations, lobbying, letter writing, petitioning. . .you name it, and we are doing it.

Come join us. **It's time to stand up, speak out, do something.**
